

README

A brief description of our project

Sebastien LEONCE

Alexis DA COSTA

2022-04-24

1 Architecture

1.1 How to run ?

1.1.1 Running tests

```
yarn test
```

1.1.2 Running in dev environment

```
yarn dev
```

1.1.3 Running in prod environment

```
yarn prod
```

1.2 List of services

- grafana : <https://grafana.localhost>
- prometheus : <https://prometheus.localhost>
- blog api : <https://api.localhost>
- notification-sender-ms : <https://api.localhost/docs>
- cadvisor : <https://cadvisor.localhost>
- traefik : <https://traefik.localhost>
- db-ui : <https://db-ui.localhost>
- blog mf : <https://localhost>
- rabbitmq : <https://rabbitmq.localhost>
- sonarqube : <https://sonarqube.localhost>
